

Call for youth participation research

The Active office is preparing an article about Youth participation that will be published in the next issue of Transit (Active's magazine). We would like to make a research among youth about youth participation. Below you can find a questionnaire with 4 questions. Please ask your friends, friends of your friends, brothers, sisters, classmates (it also includes people outside Active) to answer them. Our target group are 14 - 16 years old.

We have a small reward **for the one** who will **submit the most answered questionnaires** and send it to us. Except of the good feeling the winner will **get a camp T shirt from Albania camp**.

So do your best and you will be rewarded!

Deadline to send questionnaires 12.4.2009

you can send them in word document, scanned copies or on our address
Active - Sobriety, Friendship and Peace Signalgatan 3, 702 25 Örebro, Sweden

Youth participation – youth's point of view Questionnaire

Dear You!

Active - Sobriety, Friendship and Peace is a nongovernmental organization that gathers youth all over the Europe that is not drinking alcohol or using any other drugs. We are actively participating in society – changing it into better place to live in.

Now we want to make small research about youth and their participation in society. Please answer these questions as creative and as long as you feel. We would also like to inform you that your answers might be published in our magazine – Transit.

Youth participation is all actions we take in the society – it can be organizing an international seminar, being a volunteer, paying membership fee to a nongovernmental organization, being a member of youth parliament, taking part in petitions, vote in elections, express yourself (in what ever way – demonstrate, write a blog, talk to your friends), boycotting products and a lot more...

So, here we go...

- 1. Name:**
- 2. Age:**
- 3. Country:**
- 4. Are you a member of Active - Sobriety, Friendship and Peace? ___Yes ___No**

- 5. Is it easy to participate in society in your country?**

- 6. How do you participate in your society?**

- 7. How did YOU participate in last month?**

- 7. According to your opinion, is the involvement of youth in society sufficient?**

Thank you for your time!

Active - Sobriety, Friendship and Peace
